

# SOW AND SAVE!

Times are tough, so to lend a helping hand we are matching our Generator Seed Mix\* to the price of milk...and every time the price of milk drops, we will credit you the difference!

## STEP 1

Purchase your Generator Seed Mix\*.

+

## STEP 2

Jump online and fill out the registration form.

=

## STEP 3

If the price per kg of milk solids drops below the price per kg you paid for the seed mix, we will credit you the difference.

**\*Generator Seed Mix:** This is a mix of high quality diploid and tetraploid perennial ryegrasses, Italian ryegrass, Huia clover and Timothy, and has been designed to achieve a high producing 2-4 year pasture at a very economic price per hectare. It can be established over a wide range of soil types, fertility situations and is suitable for all farming and stock types.

**Terms and conditions apply.** Please see our website for details.
