

**Black Beetle
adults**

**Grass grub
larvae**

**Porina
caterpillar**

**Pasture farming
is about to get easier.**

**Insect pests
(above and below ground)
need to be scared...
but not sheep, cattle or deer.**

**Pasture persistence
is going to improve.**

**And with it, farm productivity
and profitability.**

**Black Beetle
larvae**

**Argentine
Stem Weevil**

**Red Headed
Pasture Cockchafer**
